Dry Film

SECTION 1: PRODUCT AND COMPANY IDENTIFICATION

Product Name: Dry Film for Circuit Frame
Distributor: BEST Inc
3603 Edison Place
Rolling Meadows IL
(897) 797 9250

GHS Signal Word: Warning

SECTION 2: HAZARDS IDENTIFICATION

Routes of Entry: Inhalation, Skin/Eye Contact

Potential Health Effects: IF SWALLOWED rinse mouth. Do not induce vomiting. If on skin or hair take off immediately all contaminated clothing. If inhaled remove person to fresh air and keep comfortable for breathing.

Inhalation: Store locked up

Eyes: Eye contact with high concentration of vapors may cause eye irritation with discomfort, tearing or blurring of vision.

Skin: Skin contact may cause redness of the skin with itching and rash. Evidence from testing on some vapor components suggests that skin permeation can occur in amounts capable of producing the effects of systematic toxicity.

Carcinogenicity Information: None of the components present in this material at concentration equal to or greater than 0.1% are listed by NTP, IARAT or OSHA.

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

- Trade secrets on exacting percentages
- NOTE: This product is shipped in very small quantities typically less than 300mm x 300mm. The vapor volume is estimated to be below 15 lbs per 125,000 sq ft of adhesive. The pounds of vapor are not VOCs as defined in the current Environmental Protection Law.

SECTION 4: First aid measures

Inhalation: Move to fresh air. Get medical attention if necessary
Eye Contact: Flush eyes with water. Get a physician consultation if an irritation persists.
Skin Contact: Wash with soap and water after handling. If skin irritation develops, consult a physician.
Ingestion: Ingestion is not considered a potential route of exposure
SECTION 5: FIREFIGHTING MEASURES

Flammable Properties: Not a fire or explosion hazard

Extinguishing Media: Use media appropriate for surrounding material

Unusual Fire Hazards: In case of fire keep containers cool with water spray. Closed containers may rupture (due to pressure build up) when exposed to extreme heat

Special Firefighting instructions: Wear self-contained breathing apparatus and full protective clothing. Runoff from fire may be a potential pollution hazard.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Safeguards (Personnel) NOTE: Review FIRE FIGHTING MEASURES and HANDLING (PERSONNEL) Sections before proceeding with clean up. Use appropriate PERSONAL PROTECTIVE EQUIPMENT during clean up.

Accidental Release Measures: Do not allow product to enter sewer or waterways

SECTION 7: HANDLING AND STORAGE

Handling Use only with adequate ventilation. Prevent contact with eyes, skin and clothing. Do not breathe vapor and mist. Wash thoroughly after handling. Keep container closed.

Storage: 40-80 degrees F. Do not store or consume food, drink or tobacco in areas where they may become contaminated with this material.

SECTION 8: EXPOSURE CONTROLS/PERSERSONAL PROTECTION

ENGINEERING CONTROLS: Provide adequate local exhaust ventilation to maintain worker exposure below exposure limits.

Personal Protective Equipment: Use a NIOSH approved eye safety glasses. Use air-purifying respirator if the potential to exceed established exposure limits

Applicable Exposure Limits:

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Odor: None
% Volatiles: 2% weight percentage + vapors listed above
Form: Solid

SECTION 10: STABILITY AND REACTIVITY

Chemical Stability: Stable under normal conditions of storage and use.
Incompatible With Other Materials: None reasonably foreseeable
Decomposition: Decomposes with heat. See decomposition information for vapor information
Polymerization: Polymerization can occur. Conditions leading to polymerization are heat and pressure

SECTION 11: TOXICOLOGICAL INFORMATION

Test Reformed: Information not available
Incompatible With Other Materials: Information not available

SECTION 12: ECOLOGICAL INFORMATION

Ecological Information: Aquatic Toxicity insoluble
SECTION 13: DISPOSAL CONSIDERATIONS

Waste Disposal Method: Landfill or incinerate in compliance with federal, state and local regulations. Do not burn.

SECTION 14: TRANSPORT INFORMATION

SHIPPING INFORMATION

DOT Not regulated

International Air Transportation Not regulated

SECTION 15: REGULATORY INFORMATION

US States Regulatory Information
- TSCA 8 (b) Inventory Status: All components are listed are in compliance with TSCA inventory requirements for commercial purposes, exempt from listing on the Toxic Substances Control Act inventory.
- TSCA 12 (b) Notification: None above reporting de minimus
- California Proposition 65: No CA Prop 65 listed chemicals are known to be present

SECTION 16: OTHER INFORMATION

NONE

RESPONSIBILITY FOR SDS: Best, Inc.
